

Marriage Records

Please Note: These records have been compiled from original records some of which are poorly written and in some cases incomplete. A best estimate has been made of doubtful spellings and other details; where a word cannot be determined then ??? is inserted, where an interpretation is not certain ? Is added. Transcriptions are a best attempt Errors and Omissions Excepted.

Please Also Note: The records stop in this listing at 100 years ago (at the date of posting) in line with census records and to protect sensitive personal data. They will be updated from time to time on a rolling basis.

Fuller records are held; where these are held by St Mary's Church they are accessible on application for Bona Fide family research Certain records may be held at the Essex Records Office in Chelmsford. We may be able to assist Bona Fide family enquiries on application.
